

ANCHOR HEALTH HOME CARE SERVICES

A LICENSED HOME CARE
SERVICES AGENCY

Care from the get-go

We take the hassle of navigating the system off your plate as we advocate on your behalf for expedited approval and the maximum hours of service possible. If your application is pending, we will often provide care while it is pending so bureaucratic delays don't get in the way of the care you need.

Support you can count on

We honor your decision to entrust us with your health and are here to assist you and improve your experience. Your assigned case manager is available at all times to provide ongoing support and assistance to help you achieve your health goals and ensure the best outcomes.

A caregiver that fits your needs

As one of NY's leading providers with a vast network of professionals skilled in various areas, we're better equipped to find you the right caregiver. Whether it's specializing in a particular condition, language, or cultural background, we have the resources and expertise to match you with the perfect fit.

Training that makes a difference

Handpicked for sensitivity and compassion, our aides, nurses, and therapists are dedicated to helping our clients achieve their health goals. Our proprietary PADS-certified program provides ongoing training, so our team is up-to-date with the tools to provide the highest quality care.

Care at every stage of life

From pediatric to geriatric, Anchor is among the few nationwide organizations providing home care at every life stage. Meaning that you have access to more options, specialists, and caregivers to meet your needs and help you conquer your health goals.

MLTC: QUALITY CARE; UNMATCHED FLEXIBILITY

YOUR HEALTH, YOUR CHOICE

We empower you to pick the individual aide that suits you best. Our aides visit your home, allowing you to interview them, vet them, and determine compatibility with your family.

CARE WITHOUT DISRUPTIONS

Ongoing quality care and aide stability is our top priority. In the unlikely event that your caregiver is out of commission, a substitute aide will arrive at your door without any service interruption.

BILLING DESIGNED FOR YOU

As a provider of both Medicaid and private pay, we work with long-term care carriers to set you up with the best available care and identify the optimal coverage and reimbursement for each service.

CDPAP PERSONAL ASSISTANTS

CDPAP allows you to choose a caregiver of your choice, including family members or friends with no prior experience. Anchor will help you apply and navigate the program so your loved ones maximize their full potential.

CLUSTER CARE

To ensure that every case is staffed regardless of approved hours - even one hour daily, 'Cluster care' pools together cases by facility or neighborhood to provide consistent and ongoing care with no minimum hours required.

Anchor Select - **PRIVATE PAY**

When you want the peace of mind that your loved one is cared for around the clock, beyond of what insurance would provide, Anchor Select offers a range of flexible options for private pay. From day-time companionship to fully staffed and equipped home hospitals, our personalized plans help you care for your loved ones in the comfort of their home.

Select Aides trained to care for and provide companionship for your loved ones.

Registered nurses and telehealth available for any health-related issue

Travel aides to get you to your next destination with ease and comfort

Flexible plans individually designed to meet your needs and budget

NHTD NURSING HOME TRANSITION & DIVERSION

The NHTD program is a Medicaid-funded program for people experiencing a neurological decline. The program provides the care of a specialized facility but from the convenience and warmth of home. Through the NHTD program, seniors can receive constant care and supervision around the clock.
